PROJECTS

Elite Glow Cleaning Services

📅 01/2025 📍 Dubai

Website project for a cleaning services company

- Developed a responsive, professional website for a Dubai-based cleaning service using Next.js, Tailwind CSS, and Firebase
- Implemented interactive features including a dynamic portfolio, smart chatbot, and modern contact pop-ups to enhance user engagement and lead generation
- Built a dynamic testimonials section with real-time rating calculations and optimized site SEO by resolving indexing and canonical tag issues

Anne Signature Studio

📅 01/2026 - 12/2026

E-commerce project for a saree store

- Developing a full-scale, luxury-themed e-commerce platform for an online saree store using Next.js and Firebase
- Building core e-commerce functionalities including user authentication (login/signup), shopping cart, dynamic product pages, and secure checkout
- Creating a secure admin dashboard to streamline CRUD operations and manage product inventory efficiently
